Deli

We welcome you to the finest delicatessen in Central Florida. With over 30 years of experience in running a first class deli, and having visited many such delis the world over, we feel we are well-equipped to handle any of your needs. We only carry the finest domestic and imported meats available. All of our meats either carry the Boar's Head seal of quality, or are made in our store from the fresh meats available in our meat department. This ensures an exceptionally high standard of quality to the consumer.

We have a vast selection of sliced meats and cheeses available, and make all of our sandwiches with the same attention to quality and detail. Be sure to check out our other deli items, including fresh salads, a wonderful selection of gourmet olives, finger snacks, and fine baked breads.
